INSTRUCTIONS ISSUED BY THE AUDITOR GENERAL UNDER FUNDAMENTAL RULE 74.

I.—PROCEDURE RELATING TO LEAVE.

Certificate of Admissibility.

Gazetted Government servants.

1. Leave should be sanctioned to a gazetted Government servant only after its admissibility has been certified by the Audit Officer who has been auditing his pay.

Non-gazetted Government servants.

2. Before leave is sanctioned to a non-gazetted Government servant the authority sanctioning the leave should either consult the leave account prescribed in Fundamental Rule 76, and satisfy himself that the leave is admissible, or obtain a certificate to that effect from the officer entrusted with the attestation of the entries in the leave account.

Military Officers.

3. When a Military officer becomes subject to the Civil Leave Rules, the Audit Officer in charge of his record of pension service will, on application and on being furnished with the date of commencement of active service in Civil employ, furnish to the Audit Officer to whose audit he becomes subject, a memorandum showing the furlough earned, the different kinds of leave taken (distinguishing those which should be deducted from the maximum furlough admissible) and the balance of furlough due under Military Rules.

4. (a) Applications for leave from Military officers in Civil employ, whether they are subject to the Military Leave Rules or the Civil Leave Rules, should be sent through the Civil Audit Officer who audits the pay of the officer going on leave. The Civil Audit Officer will, if he considers it necessary, consult the Controller of Military Accounts in charge of the officer's record of pensionable service before certifying to the leave and specifying the leave-salary. No leave should be sanctioned to such an officer before a report is received from the Civil Audit Officer.

(b) In the case of a Military officer subject to the Military Leave Rules the Civil Audit Officer should obtain from the Audit Officer in charge of the officer's record of pensionable service a certificate in F.R. Form No. 1 before issuing a leave-salary certificate or a warrant or a certificate of leave granted to an officer proceeding on leave out of India who does not intend to draw his leave-salary at the Home Treasury or in a Colony.

Government servants in foreign service.

5. In the case of a Government servant on foreign service, leave cannot be sanctioned, until the Audit Officer of the Government (Central or Provincial), under whose orders or on whose behalf the transfer to foreign service was sanctioned, has certified the amount of leave and the leave salary admissible.

Note.—For the purpose of this rule, the Accountant-General of the Province in which the contributions towards leave-salary and pension of a Government servant on foreign service are recovered will act as the Audit Officer of the Central Government.

Payment of Leave-Salary in India.

Non-gazetted Government servants.

6. The leave-salary of a non-gazetted Government servant on leave in India or on leave out of India cannot be drawn in India, except under the signature of the head of his office; and the latter is responsible for any overcharge.

Gazetted Government servants.

7. No gazetted Government servant can begin to draw his leave-salary at any office of payment in India without producing a leave salary certificate from the Audit Officer who audited his pay before he proceeded on leave.

8. The certificate should be in F.R. Form No. 2; and if during leave the gazetted Government servant desires to change the office at which he receives payment of his leave-salary, he must obtain a new certificate from the Audit Officer within whose jurisdiction his leave-salary was last paid.

9. If a gazetted Government servant signs his bill himself he must either appear in person at the place of payment or furnish a life certificate signed by a responsible officer of Government or some other well-known and trustworthy person. If he draws his leave salary through an authorized agent, the agent, whether he has or has not a power-of-attorney, must either furnish a life certificate as aforesaid, or execute a bond to refund overpayments. A life certificate may be given periodically, a bond being given to cover intermediate payments not supported by life certificates.

10. The provisions of paragraphs 7 to 9 above apply also to gazetted Government servants who on India under Fundamental Rule 81.

Return to duty.

12. Before returning to duty, a Government servant who has drawn his leave-salary in India should obtain a last-pay certificate from the Audit Officer, within whose jurisdiction his leave-salary was last paid, and deliver it to the Audit Officer who audits his pay. Without such a certificate he cannot obtain payment of any arrears of leave-salary or pay due to him.

Leave out of India.

Memorandum of Information.

13. A copy of "Memorandum of information for the guidance of Government servants proceeding on leave out of India" should be supplied to each Government servant proceeding on leave out of India by the Audit Officer who audits his pay, as soon as the grant of leave is gazetted or otherwise notified to him.

Leave-Salary Certificate and Colonial Leave-Salary Warrant.

14. (a) A Government servant proceeding on leave out of India and intending to draw his leave-salary while on leave should be given a leave-salary certificate by the Audit Officer who audited his pay before he proceeded on leave —

(1) in F.R. Form No. 2, if he intends to draw his leave-salary at the Home Treasury;

(2) in the shape of a leave-salary warrant in Form No. I under the supplementary rules, if he is proceeding to a Colony and intends to draw his leave-salary there.

(b) If during any period of leave on average pay, a gazetted Government servant wishes, under the provisions of Fundamental Rule 91, to draw his leave-salary in India, a separate leave-salary certificate should be issued in respect of that period under the provisions of paragraph 9 above.

When a Government servant proceeds out of India on leave other than extraordinary leave, the Audit Officer who audits his pay will, as soon as the leave is gazetted or otherwise notified, send him a letter in F.R. Form No. 4, with enclosures in F.R. Form No. 5 requiring him to call at his office or give the necessary information.

Note.—If a Government servant sent home to Europe as a lunatic is granted leave, a leave-salary certificate should be prepared, if necessary, by the Audit Officer who audits his pay on the data available to him, and forwarded to the High Commissioner for India at the earliest possible date.

16. If the Government servant calls at the Audit Office he will be paid up to the date of his relief and will be given a leave salary certificate in the appropriate form as prescribed in paragraph 14 above. In the case of Government servants proceeding to a Colony, the Colonial leave-salary warrant (Form No. I under the supplementary rules) will be issued in triplicate. The original, bearing the Government servant's signature, will be forwarded by the Audit Officer to the Colonial Authority concerned, the duplicate to the High Commissioner for India and the triplicate will be made over to the Government servant concerned.

Note.—If the Government servant takes a certificate under clause (d) of paragraph 14 above, he will not be paid up to the date of relief but will be allowed to draw his pay and allowances for the broken period of the month at the commencement of the next month along with the leave-salary for the rest of the month.

17. If the Government servant is unable to call at the Audit Office, the Audit Officer will prepare a bill for his pay and allowances from the end of the month preceding that of his making over charge to the date before he leave commences, and forward it with the leave-salary certificate to the office, at which the Government servant draws his pay, for delivery to the Government servant according to the instructions in F.R. Form No. 6.

Note.—The orders in the Note under paragraph 16 apply also in the circumstances specified in this paragraph.

18. When a Government servant proceeds on extraordinary leave out of India, or on leave on average pay or half average pay out of India during which he does not propose to draw leave-salary, or when a Government servant is given a Colonial leave-salary warrant, he should be given a certificate of leave in Form No. II under the supplementary rules. This certificate has to be presented by the Government servant to the High Commissioner for India if he is on leave in Europe, North Africa, America or the West Indies and applies for extension of leave, or for permission to return to duty or for a last-pay certificate before returning to duty.

19. A certificate in F.R. Form No. 3 should be attached to the leave-salary certificate of a Chaplain proceeding on leave to Europe.

Form 7 will be given on which the Government servant concerned will report to the Audit Officer, from the first port at which the vessel touches, the day of his departure from India.

21. As soon as an Audit Officer has delivered a salary leave-salary certificate, certificate of leave or a Colonial leave salary warrant to a Government servant who proposes to spend his leave out of India, or has received a report in F.R. Form No. 3 from the office at which the Government servant draws his pay that the documents in question have been delivered to him, he must forward a copy of the leave-salary certificate or certificate of leave, or the duplicate copy of the Colonial leave-salary warrant to the High Commissioner for India.

22. When a Government servant proceeding on leave to Europe is compelled to leave without a leave-salary certificate or a certificate of leave, the certificate should be forwarded to him and a duplicate copy sent to the High Commissioner at the earliest possible date.

Amended Certificate.

23. If it becomes necessary to amend a leave-salary certificate in F. R. Form No. 3, the amendment should take the form of a short corrigendum worded so as to show only the particular item or items in which alterations have been made; this corrigendum should be forwarded by the Audit Officer at the earliest possible date to the High Commissioner for India. Every corrected leave-salary certificate, whether original or duplicate, should be marked "Amended Certificate".

Extension or commutation of leave.

24. Whenever the leave of a Government servant absent on leave out of India elsewhere than in Europe, North Africa, America or the West Indies is extended or commuted by the authority in India which granted the leave, the fact should forthwith be notified by the Audit Officer to the High Commissioner for India to enable him to check the payment by Colonial Treasurers or Staff Officers.

Note.—This rule applies to Military Officers subject to the Military Leave Rules.

25. If the leave of a Government servant who drew his leave salary in India under the provisions of Fundamental Rule 91 is extended or commuted, the Audit Officer who audited his pay at the time he proceeded on leave, must on receiving advice of such extension or commutation, forthwith communicate it to the Audit Officer within whose jurisdiction his leave salary is drawn. He should also communicate any other circumstance connected with the leave which may be required to be known to the Audit Officer who passes the Government servant's leave salary.

Issue of a fresh Colonial leave-salary warrant.

26. When no space for the entry of endorsements of payment remains upon the back of a Colonial leave-salary warrant, or when a warrant is lost or destroyed, a fresh warrant should be issued by the Audit Officer who issued the original warrant on the application of the Government servant concerned submitted through the Colonial Disbursing Officer.

Return to duty.

27. A Government servant who was on leave in Europe must, on return to India, deliver to the Audit Officer the last-pay certificate obtained by him from the High Commissioner, before he can obtain payment of any Arrears of leave-salary or pay due to him. A Government servant who has drawn his leave salary on a warrant must deliver his copy of the warrant which will serve as a last pay certificate.

Railway and Military Accounts Departments.

28. Changes in the above rules, except those which relate to Colonial leave-salary warrants, may be made by the Accountant-General, Railways, or the Military Accountant-General in accordance with the special rules of his own department.

Special Rules relating to Military Officers.

29. As soon as the grant of furlough or leave to a Military officer in Civil employ has appeared in orders, the Audit Officer in charge of the Military Officer's record of pension service must, in the case of furlough to Europe, North Africa, America or the West Indies, forward to the High Commissioner for India a statement of the officer's service in such form as the Military authorities may prescribe. This statement is not required in the case of officers proceeding on furlough under the Staff or British Leave Rules.

30. When furlough or leave or an extension of furlough or leave is granted to a Military officer in Civil employ, whether subject to the Civil or the Military Leave Rules, the Civil Audit Officer should intimate to the Audit Officer in charge of the officer's record of pension service the date of the beginning and end of the furlough or leave, the dates of embarkation and debarkation in the case of furlough out of India, as well as those of being struck off or of resuming duty.

31. Whenever the furlough of a Military officer subject to the Military Leave Rules begins before embarkation or ends after disembarkation, the Audit Officer should inform the Government of India in the Army Department of the date on which it begins or ends.

32. On the return of an officer from furlough or leave, it will be the duty of the Audit Officer in charge of his record of pension service to satisfy himself that he has returned within his leave; and, if not, to report the case to the authority which sanctioned the leave.

Leave Account.

33. The leave account prescribed in Fundamental Rule 76 should be kept in F.R. Form No. 8. The office in which the account should be kept for any Government servant and the person by whom the entries should be attested will be such as are prescribed by the local Government.

II.—Service Books.

34. A service book in F.R. Form No. 10 should be maintained for every non-gazetted Government servant holding a substantive post on a permanent establishment with the exception of those the particulars of whose service are recorded in a history of services or in a service register maintained by the Audit Officer, or for whom special forms of record are prescribed by the Local Government. In this book every step in the Government servant's official life should be recorded and each entry should be attested by such superior officer as may be prescribed by the Local Government.

35. If a Government servant is transferred to foreign service, the Audit Officer referred to in paragraph 5 above will, on receipt of the service book from the head of the office or department concerned, note in it, under his signature, the order sanctioning the transfer, the effect of the transfer in regard to leave admissible during foreign service and any other particulars which he may consider to be necessary, and return the same to the officer from whom he received it. On the Government servant's re-transfer to Government service, the Audit Officer will again note in the service book, under his signature, all necessary particulars concerned with the foreign service. All entries relating to the time spent in foreign service should be attested by the Audit Officer.

Note.

1. Distinguish leave granted on medical certificate, from leave granted without medical certificate, and if the leave, though technically of the latter description, was granted in consequence of the production of a medical certificate, mention the fact.

2. Except in the case of Chaplains, leave-salary should be stated in whole rupees only a month (fractions being omitted and the next higher rupee taken where the fraction exceeds half) and not in pounds a year, and in entering "the rate of leave-salary" it should be stated, in the first place, without reference to the maximum or minimum applicable, and then, if a maximum or minimum applies or if the leave-salary in such terms future changes in the current rate of exchange may render a maximum or minimum applicable, the words should be added "subject to a maximum (or minimum) of" etc.

3. The ordinary rate of conversion will be the rate of exchange for telegraphic transfers from Calcutta on London on the day, on which each monthly payment becomes due, subject to a minimum rate of 1s. 4d. per rupee in respect of leave-salary drawn on account of the first four months of leave on average pay and of 1s. 3d. per rupee in other cases. The maximum rates of leave-salary are those prescribed in Fundamental Rule 89 and the minimum rates those prescribed in Fundamental Rule 99

4. It must be shown whether a Government servant is entitled to the full amount of leave permitted by the rules.

5. In line 7 the Articles of the Fundamental or other Rules under which the advance granted should be mentioned.

6. The date on which any Government servant will, during the currency of leave, complete the term of service, on attain the age after which by any rule he is required to retire from the service, should be shown in line 10.

7. These rules apply also to leave-salary certificates granted to non-gazetted Government servants when they proceed on leave out of India and draw their leave-salary out of India.

Otherwise, I shall cause the leave-salary certificate to be delivered to you, and the pay and allowances to be paid through the officer from whom you draw your pay and allowances.

MEMORANDUM EXPLAINING HOW THE EXISTING ORDERS IN THE SEVERAL ARTICLES IN THE CIVIL SERVICE REGULATIONS HAVE BEEN DEALT WITH IN THE INSTRUCTIONS ISSUED BY THE AUDITOR GENERAL UNDER FUNDAMENTAL RULE 74.

1. *Paragraph* 1.—This includes the provisions contained at present in clauses (a) and (d) of Article 541 of the Civil Service Regulations. Under the existing system of audit it is necessary that the Audit Officer should certify the admissibility of the leave before it is sanctioned. The provision has, therefore, been retained as an instruction of the Auditor General.

2. *Paragraph* 2.—This order is not based on any rule at present included in the Civil Account Code or the Civil Service Regulations. A similar rule is, however, included in some departmental codes (vide, e.g., paragraph 109, Public Works Department Code), and is followed in practice in all civil offices. Only leave which is admissible can be sanctioned and the admissibility of the leave can be verified only by a reference to the leave account. It is considered that an explicit rule to this effect should be contained in the authorised instructions

3. *Paragraph* 3.—This provides for the orders in the note under Rule 1 below clause (c) of Article 514, Civil Service Regulations.

4. *Paragraph* 4, *Clause* (a).—The provision in this clause is intended to replace the orders contained in Articles 855 A. and 858, Civil Service Regulations. The orders as they stand are very complicated and prescribe different sets of procedure for different kinds of officers. It would be sufficient if all the applications are required to be sent to the Civil Audit Officer who will, when necessary, consult the Military Audit Officers. Clause (b) provides for the orders contained at present in Articles 856 (c), 860, the Note under 871 and 875. As the Civil Audit Officer has to consult the Military Controller, he can obtain the certificate at the same time

5. *Paragraph* 6.—This reproduces the portion of orders in Article 780, Civil Service Regulations, which is essential for purposes of audit.

6. *Paragraph 6.*—Article 865 prescribes the locality in which the leave-salary of a non-gazetted Government servant should be drawn and the conditions which should be observed before it can be paid. Orders regarding locality cannot be issued as part of audit requirements and so paragraph 6 only prescribes the other conditions contained in article 865. The general orders framed by the Governor-General in Council under rule 16 of the Devolution Rules, include a provision to the effect that the leave-salary of a non-gazetted Government servant paid in India should be drawn only in that district in which his pay would be drawn if he were on duty.

7. *Paragraph 7.*—This reproduces that portion of the orders in article 874 which relates to payment of leave-salary in India. The term "office of payment" has been substituted for "treasury" so that the rule may be applied even in the case of those departments which make their own payments, e.g., by cheques.

8 *Paragraph 8.*—This reproduces the order in article 876 except that the provision that a certificate is necessary only when the Government servant proceeds from one place to another has been cancelled because an authority from the Audit Officer specifying the leave salary permissible is necessary in all cases. A clause has also been added at the end of this paragraph to the effect that, when the Government servant desires to change the office of payment, a fresh leave-salary certificate must be obtained from the Audit Officer within whose jurisdiction his last pay was drawn. This clause is taken from article 887. As the instructions apply also to cases of Government servants on leave in India it has been included in this paragraph.

9. *Paragraph 9.*—This reproduces the orders in article 884, Civil Service Regulations.

10 *Paragraph 10.*—This provides for the procedure laid down in Fundamental Rule 91, by which Government servants who reside in Asia during the leave have to draw their leave-salary in India. The note under the paragraph is an audit requirement.

11. *Paragraph 11.*—This is intended to preserve the special procedure obtaining at present in those departments which is safeguarded by Article 886, Civil Service Regulations.

12 *Paragraph 12.*—A last-pay certificate has to be produced by a Government servant who has to draw arrears of leave salary or pay due under Article 41, Civil Account Code, Volume I (8th edition).

13. *Paragraph 13.*—This reproduces the orders in Article 77d-A, Civil Account Code, Volume II (7th edition).

14. *Paragraph 14.*—This reproduces part of the orders in Article 874, Civil Service Regulations, relating to the issue of a leave-salary certificate to those who desire to draw their leave-salary at the Home Treasury and part of the orders in Article 886, Civil Service Regulations, relating to the issue of a Colonial warrant, with this difference that the Audit Officer who audits the pay of a Government servant is required to issue the Colonial leave-salary warrant in the place of Audit Officers at the ports of embarkation in India or Burma who were formerly issuing the warrants as stated in Article 886, Civil Service Regulations. The issue of a separate leave-salary certificate by the Audit Officer concerned as specified in Article 881 becomes unnecessary as he will himself issue a Colonial leave-salary warrant. A clause has been added to this rule providing for cases in which a gazetted Government servant may wish to draw his leave-salary in India during the first four months of leave on average pay. In these cases a leave-salary certificate, such as is ordinarily issued to a Government servant drawing his leave-salary in India, should be issued to cover the period during which the Government servant wishes to draw his leave-salary in India. This rule does not provide for non-gazetted Government servants proceeding on leave out of India as their cases are covered by paragraph 6 of these Instructions.

15 *Paragraph 15.*—This provides for the orders in Article 880, Civil Service Regulations. The note under the article is taken from Article 776, Civil Account Code, Volume II (7th edition).

16. *Paragraph 16.*—Reproduces part of the orders in Article 881 which are not included in paragraph 14 as well as part of the orders in Article 882. The existing orders require that the Government servant going on leave out of India should be paid up to the day before he leaves India. These orders apply to the case of Government servants who proceed on leave to which no privilege leave is prefixed. When the Government servant goes on privilege leave or on combined leave he is allowed to draw his allowances in England from the commencement of such leave. In future it would be simpler to have the leave-salary due from the commencement of the leave paid in England, if the Government servant so chooses, in all cases subject to the conditions in Fundamental Rule 81. This rule accordingly provides that the Government servant should be paid up to the date of his relief.

17. *Paragraph 17.*—This reproduces the orders in Article 884, except that it is provided that the Government servant should be paid up to the date of his relief and not up to the date of his sailing.

18. *Paragraph 18.*—This is taken from Articles 872 and 873, Civil Service Regulations.

19. *Paragraph 19.*—This is in accordance with Article 904, Civil Service Regulations.

20. *Paragraph 20.*—This reproduces the orders in Article 883, Civil Service Regulations. As under Fundamental Rule 8*, the leave of a Government servant commences on the day on which transfer of charge is effected and does not depend upon the date of departure of the vessel in which the Government servant sails, the report of actual sailing is not required in the case of those to whom the rules in Sections I to V of Chapter X of the Fundamental Rules are applicable.

21. *Paragraph 21.*—This provides for the orders in Article 864 and part of Article 889. "The High Commissioner for India" has been substituted for the "Secretary of State" and "India Office" as the former officer is now making payments of leave salary in England.

22. *Paragraph 22.*—This reproduces the orders in Article 895, Civil Service Regulations.

23. *Paragraph 23.*—This provides for the orders in Article 898 (c), Civil Service Regulations.

24. *Paragraph 24.*—This is taken from the latter part of Article 900, Civil Service Regulations.

25. *Paragraph 25.*—This is a reproduction of the orders in Article 877, Civil Service Regulations.

26. *Paragraph 26.*—This is a part of the orders in Article 889, Civil Service Regulations.

27. *Paragraph 27.*—This is taken from Articles 835 and 840, Civil Service Regulations.

28. *Paragraph 28* is taken from Article 876, Civil Service Regulations.

29. *Paragraphs 29 to 32* are taken from Articles 855, 857 (b) and (c) and 911, Civil Service Regulations.

30. *Paragraph 33.*—This is a necessary record for purposes of reference.

31 *Paragraphs 34 and 35.*—These rules indicate the form in which records of service of non-gazetted Government servants should be maintained and the procedure that should be followed in maintaining them.

MEMORANDUM OF INFORMATION FOR THE GUIDANCE OF GOVERNMENT SERVANTS PROCEEDING ON LEAVE OUT OF INDIA.

When a Government servant on leave out of India exercises this option and desires to draw his leave-salary in India—

4. In cases not falling under paragraph 3 above—

(i) the pay and allowances of the Government servant will be paid to him before he leaves India and the Audit Officer who audits his pay in his last post will arrange for this; and

(ii) the Government servant must take with him a leave-salary certificate to enable him to draw his leave-salary from the Home Treasury.

Colonial leave-salary warrant for payment of leave-salary in a Colony.

5. If a Government servant intends to draw his leave-salary in any of His Majesty's Colonies, the Audit Officer who audits his pay in his last post will furnish him with a warrant addressed to the Colonial officer only on condition that any fund subscriptions due from him shall either be paid in advance or taken by deduction; in the latter case, the warrant to the Colony will show only the net amount payable after such deductions.

Leave on medical certificate.

6. A Government servant taking leave out of India on medical certificate should take with him one copy of the Medical Report upon his case, and be prepared to produce it before the Medical Board at the India Office, if required to do so.

Certificate of leave necessary in certain cases.

7. If a Government servant proceeds on extraordinary leave out of India, or on leave on average pay out of India during which he does not propose to draw leave-salary, or if a Government servant proceeds to a Colony, he should obtain a certificate of leave in Form 86. If under the supplementary rules from the Audit Officer who audits his pay in his last post. Subscriptions to Funds.

8. Subscriptions on account of the Bengal, Bombay and Madras Civil Funds, and the Bengal and Madras Service Family Pension Fund may be paid either in India or in England at the option of the subscriber, and arrangement should be made for such payment by the subscriber. In the case of Military officers in Civil employ subscriptions on account of Indian Military Service Family Pension Fund will be deducted from the leave-salary of the officers concerned. Officers should see that the necessary deductions are made. Subscriptions for the Uncovenanted Service Family Pension Fund, the General Family Pension Fund, and the Hindu Family Annuity Fund are not payable in England.

9. Subscriptions to the General Provident Fund may be paid by remittance in cash to the Audit office which audited his pay in his last post in the case of a Government servant on leave who draws his leave salary from a Colonial Treasury, but when a subscriber draws his leave-salary from the Home Treasury of the Government of India, his subscription may be paid by deduction from such salary.

A Government servant who draws his leave-salary from the Home Treasury and who desires to subscribe during leave must notify his intention beforehand in order to allow of the deductions from his leave-salary being noted in his leave-salary certificate. He will not be subsequently permitted to discontinue subscribing during leave.

10. A Government servant before his departure should communicate—

(a) if a member of the Indian Civil Service in connexion with the Indian Civil Service Provident Fund, or a subscriber to the Bengal and Madras Service Family Pension Fund—with the Accountant-General, Central Revenues;

(b) if any other civil officer—with the Secretary of the fund to which he subscribes,

informing him of the arrangements he proposes to make regarding the payment of his subscriptions during his absence.

11. Contributions due under the Indian Civil Service Family Pension Regulations must be paid in England in sterling. If a subscriber, previous to quitting India, has commenced the payment of any donation by instalments, he may either complete the payment of his donation in India before leaving or pay the remaining instalments in England at English rates. Subscribers to this fund will obtain, from the Audit Officer who audits his pay in his last post, a certificate of the date up to which they have paid their subscriptions.

Report of arrival in the United Kingdom.

12. When a Government servant arrives in the United Kingdom, he should at once report his arrival by letter to the High Commissioner for India, giving an address at which letters will find him and he should forward his leave-salary certificate to the same authority on arrival, or as soon as he receives it from India.

Payment at the Home Treasury.

13. The leave-salary of all Government servants is issued from the Home Treasury monthly in arrear on the first day of each calendar month. They will be paid to the Government servant on his personal application, or to his banker or other agent, duly authorized under power-of-attorney on production of a life certificate filled up and executed in the manner directed thereon (except in cases where proof of existence is not required owing to the banker having guaranteed the Secretary of State or the High Commissioner against loss consequent on his dispensing with the production of such proof), or on presentation of a payment form comprising a receipt and a life certificate both

duly completed by the Government servant. A supply of life certificate forms may be obtained from the High Commissioner on the Government servant's written application.

Note.—If the Government servant intimates to the High Commissioner his election of this method, he will be regularly supplied with the requisite payment forms as the due date of issue approaches.

Payment in a Colony.

14. Payment of leave-salary will not be made by a Colonial authority unless the Government servant produces his copy of the warrant. Each payment made in the Colony will be endorsed upon the warrant.

When no space for the entry of subsequents of payment remains upon the back of a Colonial leave-salary warrant, or when a warrant is lost or destroyed, the Government servant concerned should make an application for a fresh warrant through the Colonial Disbursing Officer to the Audit Officer who issued the original warrant.

Transfer of payment from one Colony to another.

15. If the transfer from one Colony to another of payment of the leave-salary of a Government servant is sanctioned by the Colonial authorities, such transfer must be reported by the Government servant to the Governor-General in Council and to the High Commissioner.

Transfer of payment from the Home Treasury to a Colony and vice versa.

16. If a Government servant drawing his leave-salary in a Colony desires to transfer payment to the Home Treasury, he can do so on production of his warrant to the High Commissioner. If one drawing his leave-salary from the Home Treasury desires to transfer payment to a Colony, he must obtain a warrant from the High Commissioner. A transfer of this kind must be reported by the Government servant to the Governor-General in Council.

Extension or commutation of leave.

17. A Government servant absent on leave in Europe, North Africa, America or the West Indies who wishes to have his leave extended or commuted, must apply to the High Commissioner for London about three months before the expiry of his leave, and, unless the extension is desired on medical grounds, or is for a period of not more than 14 days, he must produce with his application evidence that the Government on whose cadre he is borne has been referred to by him and has no objection to the extension or commutation desired. It is in exceptional cases only that the High Commissioner will grant an extension without the production of such evidence and then for such period only as may be necessary to obtain the orders of the Government concerned, which will be sought by telegraph at the applicant's expense.

18. If on medical grounds a Government servant on leave in any of the localities named in paragraph 17 desires an extension for more than 14 days, he must satisfy the Medical Board at the India Office of the necessity for the extension. In order to do so, he must, as a general rule, appear at the India Office for examination by the Board, but in special cases, and particularly if he is residing at a distance of more than sixty miles from London, a certificate in a form to be obtained from the High Commissioner may be accepted if signed by two medical practitioners. A certificate obtained outside the United Kingdom and signed by foreigners must be attested by consular or other authority as bearing the signatures of qualified medical practitioners. If application for extension be delayed until the last two months of leave, advice of any extension granted for a period of more than seven days will be sent to India by telegraph and the cost of the telegram will ordinarily be charged to the Government servant.

19. If a Government servant on leave in any of the localities named in paragraph 17 has been granted leave on medical certificate and desires an extension on grounds other than medical, he must satisfy the Medical Board as prescribed in paragraph 18 above that he has recovered his health. Any such extension without medical certificate will only be admissible if the extension was due at the time the original leave was granted.

In the case of a Commissioned Medical Officer the local Government will make a reference to the Director General, Indian Medical Service, before granting the permission.

20. A Government servant on leave out of India elsewhere than in any of the localities named in paragraph 17, who wishes to have his leave extended or commuted, must apply three months before the expiry of the leave to the authority in India which granted it.

21. If an application made under paragraph 20 above is for an extension of leave on medical certificate, it must be accompanied by a certificate from two medical practitioners in the following form:—

"We hereby certify that we have carefully examined C. D. of the _____ who is suffering from _____ and we declare upon our honour that, according to the best of our judgment and belief, he is at present unfit for duty in India, and that it is absolutely necessary for the recovery of his health that his present leave, which will expire in India on _____ shall be extended by _____ months / weeks _____ _____

Date _____ } _____

Place _____ } _____"

The certificate must describe in full detail the nature of the disease and the present condition of the Government servant. If it be signed by foreigners, it must be attested by consular or other authority as bearing the signatures of qualified medical practitioners.

22. An extension of leave will not be granted by the High Commissioner to a Government servant to whom no leave-salary certificate or colonial leave-salary warrant has been issued unless he produces a certificate of leave (vide paragraph 7 *ante*).

23. Leave out of India on medical certificate may be commuted into leave without medical certificate if such leave was due at the time when the original leave was granted, and if the Government servant seeking commutation is certified, in the manner prescribed, to have recovered his health. When extension of the commuted furlough is applied for, the application must be supported by evidence that the Government servant's local Government consents to the extension of his leave.

24. A Government servant who remains absent after the end of his leave is entitled to no leave pay for the period of such absence unless his leave is extended by the local Government. Wilful

absence from duty after the expiry of leave may be treated as misbehaviour for the purpose of Fundamental Rule 13, which runs as follows.

"A Government servant shall not, save in the case of inefficiency or misbehaviour be transferred substantively to a post carrying less pay than his relative position in the cadre of the service to which he belongs would justify."

Return from leave

25. A Government servant may not, without the permission of the authority which granted him leave, return to duty more than fourteen days before the end of long leave. The rule applies to Military officers subject to the Military Leave Rules. He must obtain permission to return to duty from the local Government.

26. A Government servant who is required to produce a medical certificate of fitness before returning to duty, must obtain permission to return to duty before so returning.

27. If the Government servant desiring to return on leave in any of the localities named in paragraph 17, his application must be made to the High Commissioner and he must satisfy the Medical Board at the India Office of his fitness to return at least two months before the expiry of his leave. In order to do so, he must follow the procedure prescribed in paragraph 18 above. When the Medical Board has been satisfied, the High Commissioner will grant permission to return.

28. If the Government servant desiring to return is on leave out of India elsewhere than in the localities named in paragraph 17, his application must be made to the authority which granted his leave and must be accompanied by a certificate of fitness in the prescribed form.

29. Permission to return will not be granted to a Government servant to whom no leave-salary certificate or colonial leave salary warrant has been issued, until he produces a certificate of leave.

Last-pay certificate.

30. Before returning to duty a Government servant on leave in Europe must obtain a last-pay certificate from the High Commissioner. A last pay certificate will not be granted to a Government servant to whom no leave salary certificate has been issued unless he produces a certificate of leave. A Government servant who has drawn his leave-salary on a warrant must, on return to India, deliver to the Audit Officer by whom the pay of the post which he will join will be audited, his copy of the warrant which will serve as a last-pay certificate.

Procedure as to return to duty.

31. A gazetted Government servant must report his return to duty to the Government under which he is serving. A Chaplain must report his return to the Bishop of his Diocese also.

32. A Government servant is not entitled on his return from leave to resume, as a matter of course, the particular post he vacated before his departure on leave, even though that post may be his substantive post; he must report his return to duty and await orders.

33. A Government servant may return to India by any port and his leave ends on the day preceding that on which the vessel arrives at the port where he last quits it. If, however, the leave from which he returns is of four months' duration or less, his leave ends on the day preceding that on which he takes charge of his duties, unless he takes charge in the afternoon when the leave terminates on and includes that day.

34. On return to duty, the last-pay certificate obtained from the High Commissioner should be exchanged for a last-pay certificate which the Audit Office of the province to which he has been posted will furnish addressed to the Treasury or office at which, after his return, the Government servant intends to draw his pay and allowances.

Advances.

35. A Government servant returning from leave out of India may be granted an advance of his leave-salary for the unexpired portion of his leave subject to a maximum of 35 days from the date of embarkation for India. On arrival in India an advance may, if he desires it, be paid to a Government servant by or under the order of the Audit Officer of the province to which he has been posted under rules framed by the local Government.

To a Chaplain proceeding on furlough (not combined with privilege leave) to England, an advance of the first quarter's allowance may be made in India which will not be recoverable in the event of his death.

To a Military officer subject to the Military Furlough Regulations of 1863 proceeding on furlough (not combined with privilege leave) to England, an advance of furlough pay may, if he desires it, be made for three months from the date of embarkation. Payments in continuation will be made in England on the expiration of four months from that date.

Acceptance of service during leave.

36. A Government servant is not permitted to take any service or accept any employment without obtaining the previous sanction of—

(a) the Secretary of State, if the Government servant is residing in Europe, North Africa, America or the West Indies; or

(b) the Governor-General in Council, or the authority competent to appoint him, if he is residing elsewhere.

SECONDARY SCHOOL-LEAVING CERTIFICATES—PUBLIC EXAMINATION—MARCH 1922.

NOTICE.

Candidates in *all* the subjects must bring with them for use in the examination their own PENS AND PENCILS; those in (i) *Elementary Mathematics*, (ii) *Algebra and Geometry*, (iii) *Practical Mathematics*, (iv) *Trigonometry*, (v) *Physics*, and (vi) *Chemistry*, their own mathematical instruments, viz., a foot-rule graduated in inches and centimetres and subdivisions, protractor, set squares, dividers, compasses and a hard pencil, those in *Type-writing*, typewriters and necessary carbon paper; and those in *Commercial Practice and Geography*, in *Book-keeping and Commercial Arithmetic* and in *Shorthand and Type-writing*, rulers, erasers, knives and ink of two or more colours (other than black ink) for map-drawing, drawing lines in Book-keeping, etc.

Candidates who use graph sheets should so place them in the answer-book that the graph may face the sheet on which the corresponding question is worked and there should be no working on the back of the graph sheets.

3. *Chemistry*.—Candidates in this subject will be permitted, if they desire it, to use a stencil for making drawings of apparatus.

3. *Shorthand*.—Candidates in this subject will be allowed to transcribe their shorthand notes with a typewriter. They will not be supplied with any 'thick' paper for the purpose, but will be allowed to bring with them their own 'thick' paper, if they wish to use such paper. If the machine used by a candidate, however, goes out of order, no extra time will be given to him to compensate for loss of time while the machine is out of order, and being put right.

4. *Type-writing*.—Heads of institutions who are desirous that their pupils in this subject should be examined in batches, should make the necessary arrangements with the Chief Superintendent concerned *three days* before the examination in this subject and furnish him with all necessary information as to the number of candidates and machines and the time at which each batch should attend on the day fixed for the examination.

At least *every two candidates must have one machine* between them for the batch examination.

Instructors of institutions concerned will be allowed into the examination room *in the intervals between the examinations of the various batches* to inspect the machines and to remedy any defects.

If a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate the fact to the instructor if he is waiting outside on the premises and will permit him to enter the room (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the instructor. *No extra time will be given to a candidate to compensate for loss of time while the machine is out of order and being put right.*

5. *Needle-work and Dress-making*.—Candidates must bring to the examination room scissors, thimbles, measuring tape, materials for the fancy work, specimens of their finished work, and sewing cotton.

6. A copy of the nominal list will be posted at the entrance to the examination hall a day or two before the examination, and candidates will find their numbers, viz., the numbers of their Secondary School-Leaving Certificates, in this list.

7. Attention is drawn to the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstance reported to the Director of Public Instruction, Madras.

(5) *No candidate will be allowed to take into the examination room, slates, books, ruled sheets, memoranda or papers of any kind.* Any one detected in the violation of this rule or having recourse to any unfair practices will be removed from the room and the occurrence reported to the Director of Public Instruction, Madras.

(6) Candidates are prohibited from noting down the answer to any question on the question paper itself.

(7) Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the Examination will be liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations.

(8) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves, including their address, and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(9) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared, must not expect to have their answers valued. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(10) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer books. Any candidate wishing to ask any question of Superintendent will pursue the same course, but will on no account leave his place.

(11) Any answer-books sent up without the candidate's name and number affixed will not be valued. The answer-books should be fastened together at the left hand corner, the additional answer-books being placed below the answer-book. In the case of Needle-work and Dress-making the work of candidates should bear the name and number tacked on the *outside* of garment.

(12) Candidates will not be allowed to take any papers, except their question-papers, out of the examination room.

(13) Candidates may have to write their answers on both sides of the paper supplied to them and in this case they will receive the necessary instructions on this point in the examination hall from the Chief Superintendent of the Examination.

(14) Candidates are forbidden to tear up papers or to throw ink on papers on the floor.

OFFICIAL ADVERTISEMENTS.

SALE OF ASSESSED WASTE AND TANK-BED LANDS IN THE DIVI TALUK.

Notice is hereby given that full ryotwari rights in the assessed waste and tank-bed lands which are situated in the Divi Island of the Divi taluk, Kistna district, and are commanded by the Divi Pumping System will be sold in public auction by the Headquarters Deputy Collector at his office at Kodur on 26th and 27th April 1922 and at Avanigadda on 1st and 2nd May 1922 or on such adjourned dates and at such places as may thereafter be notified. But the selling officer may at any time during the sale refuse to bring to sale all the lands advertised for sale if he considers that adequate prices have not been realized for the plots theretofore sold or for other reasons.

2. The land to be sold will be divided into separate fields subdivided and durably demarcated. Lists giving the survey number, the extent and assessment of each field can be obtained on application to the Headquarters Deputy Collector. Lists will also be given to the karnams of the villages concerned for distribution and will be available at the time of the sale.

3. *The bids will be open to the following conditions* :—

(*a*) The lands will be knocked down to the highest bidder approved by the selling officer subject to confirmation by the District Collector, who will be at liberty to accept or reject any bid without assigning reasons.

(*b*) The Deputy Collector may fix upset prices and may accept or reject any bid without assigning reasons. He may withdraw any field from auction and may put up two or more fields in one lot subject to a maximum of ten acres.

(*c*) Persons who wish to bid must be prepared to adduce proof of their position and means and must pay an initial deposit of Rs. 50. At the conclusion of the sale, the deposits of the unsuccessful bidders will be returned; the initial deposits of successful bidders will be credited towards the deposit required under clause (*e*) below.

(*d*) Persons intending to bid shall notify to the Deputy Collector whether they are bidding on their own account or as agents for other persons; in the latter case, they must file a written authority from their principals, otherwise their bids will be rejected.

(*e*) The deposit of a successful bidder will be 15 per cent of the purchase-money in each case. This should be paid immediately on the completion of the sale, if the percentage is not covered by the initial deposit. Successful bidders must, within one month from the date of confirmation of the sale, pay not less than one-half of the balance of the full amount of their bid and execute an agreement in the prescribed form binding themselves to pay the balance, if any, not later than the 1st March 1923 with interest at 6½ per cent.

(*f*) The purchaser of any lot will be required to pay, along with the deposit referred to in clause (*e*), the value as set out in the sale list of all trees standing thereon. If for any reason the sale is not confirmed or if the lot is relinquished under clause (*c*) or clause (*g*), the price paid for the trees at the value aforesaid will be refunded to the purchaser after deducting the value of any trees removed by him.

(*g*) The successful bidder will receive a ryotwari patta after confirmation of the sale by the Collector and after payment by the bidder of the full purchase-money together with the cost of demarcating the land. He will be informed of the cost of such demarcation at the time of the sale or as soon afterwards as possible and shall pay the cost within one month of being informed of the cost.

(*h*) If the purchaser fails to execute the agreement referred to in clause (*e*) or clause (*f*) or to deposit or to pay any sum due under clause (*e*) or clause (*g*) on or before the due date, he will forfeit the amount already deposited and paid and the lot will be resold at his risk.

(i) The lands will be sold as 'dry' subject to the payment of the annual assessment at the dry rates mentioned in the lists referred to in paragraph 2 above and of such local and other cesses as may have been or may hereafter be imposed. The present classifications of soil and rates of assessment will be liable to revision in connexion with any future general revision of the land revenue settlement of the taluk. As regards charge for irrigation, the lands are subject to the rules set forth in section E of appendix I to Board's Standing Order, No. 4 and to any alterations which may be made therein from time to time.

(j) Persons whose bids are confirmed by the Collector will be required to pay the assessment and cesses due on the lands purchased with effect from fasli 1334 unless crops are grown on the lands in fasli 1331, in which case the payment of assessment and cesses will commence from fasli 1332.

(k) A proportionate refund of the purchase-money will be allowed if the deficiency between the extent notified for sale and the actual extent exceeds 10 per cent, provided that the refund is claimed within six months from the date of confirmation of the sale.

(l) So much of the land as may hereafter be required for channels, drainage works, bathies or other works connected with irrigation or for roads or other communal or public purposes shall be surrendered by the purchaser on demand. In such cases he will be allowed a refund of the proportionate purchase-money and the extent surrendered and taken up will be removed from his patta. The Collector of the district shall be the sole judge as to which lands are required for such purposes.

(m) Existing and customary rights to foot paths, bandy tracks, water courses, bathies, etc., will not be affected in any way by the sale of the lands on which they are situated.

(n) Should it be found within three years from the date of confirmation of the sale that any land so sold is not irrigable, or should the Executive Engineer in charge of the Divi Pumping Project declare that it is undesirable for any technical reason to irrigate any such land, the purchaser shall have the option of cancelling the sale and relinquishing the land. If he elects to cancel the sale and relinquish the land, the purchase-money shall be returned and thereupon the purchaser shall have no claim to any damages on account of the cancellation of the sale. If he elects to retain the land he shall have no claim to a supply of water. In such cases the relinquishment of portions of a single lot will not be accepted.

(o) If in any other case any purchaser shall, within three years from the date of receipt of a ryotwari patta under clause 3 (g), unconditionally relinquish the full extent of land purchased in a single lot, his purchase-money less five per cent will be refunded to him.

This concession applies only to purchasers and to their heirs and not to transferees.

4. Purchasers are hereby informed that cultivation under the Divi Pumping system is not advisable before the 1st July and is not safe after the 15th November as the water is liable to be brackish before and after these dates; there is risk in attempting to raise a six months' crop.

H. H. F. M. TYLER,
Collector.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill further to amend the Provincial Small Cause Courts Act, 1887, and the Code of Civil Procedure, 1908, in order to provide for the award of costs by way of compensation in respect of false and vexatious claims or defences in civil suits or proceedings was presented to the Legislative Assembly on the 13th February 1922 :—

We, the undersigned, Members of the Select Committee to which the Bill further to amend the Provincial Small Cause Courts Act, 1887, and the Code of Civil Procedure, 1908, in order to provide for the award of costs by way of damages in respect of false or vexatious claims or defences in civil suits or proceedings was referred have considered the Bill, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. *Clause* 2.—We consider it unnecessary to make the provisions of the Bill applicable in the case of a memorandum of appeal or a written statement by a respondent to an appeal We also think that the retention of the reference to appeals might not be altogether free from danger We have made amendments accordingly in this clause and clause 3.

We have further, in sub-section (*1*) of the proposed new section 35-A, altered the phrase "false or vexatious" to "false and vexatious," as we incline to the opinion that a provision of the nature which this Bill is intended to make should be applicable only to such classes of cases as can be readily and precisely defined.

We have substituted the word "compensation" for the word "damages" at the end of this sub-section.

In sub section (*2*) of the proposed new section 35-A, we have provided that the maximum limit of Rs. 1,000 shall be applicable in the case of High Courts, as we consider that in the rare cases in which such orders will be passed by High Courts, a maximum limit of that amount will be found sufficient.

We understand that the Bill as introduced was intended entirely to give effect to the recommendations of the Committee which considered the opinions elicited upon the Bill which was recently withdrawn. We have, however, altered the first proviso to this sub-section in order, in the first place, to eliminate the reference to a Munsif, which designation does not apply in the case of some Courts invested with Small Cause Court powers, and, secondly, to enable the High Court to empower Civil Courts with but a low limit of Small Cause Court jurisdiction to award compensatory costs somewhat in excess of that amount.

We have also made a slight change in the second proviso, which enables the High Court to deal with individual Courts without making a statutory rule for the purpose.

Finally, we consider that, even if a person to whom costs have been awarded might in very rare cases have a subsequent right of suit, it is undesirable to make it clear that, where by taking instant objection to a claim or defence he has obtained compensation under the proposed new section, he is not entitled to any further relief. We have accordingly inserted a sub-section (4) on the lines of sub-section (2) of section 15 of the Code of Civil Procedure, 1908.

3. We have made several slight drafting alterations in the Bill, and the other alterations which we have made are consequential on those which we have already referred to in this Report.

4. The Bill was published in the *Gazette of India*, dated the 4th February 1922.

5. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

H. MONCRIEFF SMITH,
Secretary to the Government of India.

The following Report of the Joint Committee on the Bill to establish and incorporate a unitary teaching and residential University at Delhi was presented to the Legislative Assembly on the 13th February 1922 :—

We, the undersigned Members of the Joint Committee to which the Bill to establish and incorporate a unitary teaching and residential University at Delhi was referred, have considered the Bill, and have now the honour to submit this our Report with the Bill as amended by us annexed thereto.

Under the provisions of rule 42 of the Indian Legislative Rules, the Committee elected the Honourable Khan Sir Muhammad Shafi to act as its Chairman.

2. *Clause* 2.—We have added a definition of "Patrons of the University" who, under clause 17 of the Bill as re-numbered, are constituted life members of the Court.

We have in sub-clause (*b*) made it clear that the University may confer the status of a teacher of the University by the recognition of persons appointed to the staff of Colleges by the College authorities as well as by the direct appointment of other persons.

3. *Clause* 4.—We have added a new sub-clause (12) in this clause to obviate a doubt which we understand has arisen elsewhere as to whether the university can legally supplement the Government grant for the maintenance of a Corps of the Indian Territorial Force.

4. *Clause* 7.—For sub-clauses (5) and (6) of this clause of the Bill as introduced, we have substituted a new sub-clause on the lines of sub-section (5) of section 7 of the Allahabad University Act, 1921, which provides for the gradual adaptation of the Colleges to the organization of the University as ultimately contemplated.

We have omitted some words in sub-clause (1) and the whole of sub-clause (3) as being unnecessary and possibly misleading.

5. *Clause* 8.—We propose the addition to the officers of the University of a Pro-Chancellor which necessitates the addition of a clause after clause 9 of the Bill and the re-numbering of the subsequent clauses. We contemplate an appointment of an honorific nature involving the duty of presiding at meetings of the Court and at Convocations, in the absence of the Chancellor. We have also omitted from this clause the reference to the Principals which is incompatible with the constitution proposed.

6. *Clause* 12 (*new clause* 13).—We have very carefully considered the necessity for the provision made in this clause for the appointment of a Treasurer, and we have decided to leave the clause unamended on the ground that, although in our opinion a separate Treasurer will not be required at least for several years, the appointment of such an officer may in time become necessary, if only for a limited period owing to special circumstances.

7. *Clause* 13 (*new clause* 14).—We consider that it would be administratively convenient that the Registrar should be the Secretary of the Academic Council as well as of the Court and the Executive Council and we have provided accordingly.

8. *Clause* 16 (*new clause* 17).—We have omitted the provision for the appointment to the Court of persons by the Chief Commissioner of Delhi, as we consider that the local authorities will be sufficiently represented on that body under the remaining provisions of the Act and Statutes.

9. *Clause* 22 (*new clause* 23).—We have added special mention of the Faculties of Technology and Indian Fine Arts, including Music. At the same time we realize that it may be impossible to constitute these Faculties immediately upon the coming into existence of the University, and we have accordingly, in order to obviate any delay in the constitution of the University, provided that they shall be constituted as soon as possible thereafter.

We do not consider necessary the provision which had been made in sub-clause (2) of this clause for allowing remuneration to be paid to a person who appointed to be the Dean of a Faculty.

10. *Clause* 26 (*new clause* 27).—In sub-clause (*c*) of this clause and in clause 44 (*new clause* 46) we have made what we consider may be a useful addition in the form of a provision permitting the constitution of insurance as well as of pension and provident funds.

11. *Clause* 27 (*new clause* 28).—We have made two changes which are calculated to extend the legislative powers of the Court. In the first place, in sub-clause (3) we have provided for the case in which the Court wishes to pass the greater portion of a Statute whilst objecting to the remainder. We do not intend by giving this power to give to the Court a general power of amendment without further reference to the Executive Council. But we have not considered it necessary to specify any such limitation on the exercise of this power in view of the fact that the Statute, when passed with such omission, will come up for review by the Governor-General in Council, who will, we do not doubt, consider whether the omission constitutes an amendment which ought to have been referred to the Executive Council.

Secondly, we have made provision for the initiation of proposals for amendment of the Statutes by a member of the Court.

We have, further, specified somewhat more clearly than was specified in the original draft the procedure to be followed after a reference back of amendments to the Executive Council. We think that, in cases of disagreement between the two authorities, the Governor-General in Council should be the arbiter.

12. *Clause* 29 (*new clause* 30).—We have omitted sub-clause (*e*) of this clause which referred to the emoluments and conditions of service of teachers of the University, because we consider that an Ordinance dealing with such matters is more properly the business of the Executive Council than of the Academic Council.

13. *Clause* 34 (*new clause* 35).—We have in this clause, in the first place, provided an exception to the prohibition against the conduct of examinations for admission to the University which is contained in sub-clause (5) of clause 7, and, in the second place, have inserted a proviso which is the corollary of the proviso to that sub-clause. This proviso will for a limited period permit the recognition of the matriculation examination or its equivalent as a stage at which a student may be admitted to the University in case the Colleges are unable to organise themselves at once as institutions containing only the post-intermediate classes.

14. *Clause* 39 (*new clause* 38).—We have altered the reference to the Executive Council to a reference to the Court, as we consider that that authority is the fitting authority for the removal of a graduate from the register of graduates.

15. *Clause* 45 (*new clause* 16).—We have carefully considered the transitory provisions and conclude that they are too widely drawn in the Bill as introduced. We have accordingly confined the operation of this clause strictly to the period during which the University will be actually in the course of formation, and we propose, instead of conferring upon the Governor-General in Council an unqualified power to modify the provisions of the act, to enjoin upon him such departure only when, and in so far as, it is absolutely necessary. In these circumstances, we have not thought it necessary to particularise the matters in which these powers which may be exercised, and have accordingly omitted sub clause (2) of the clause as it originally stood. But in regard to the important subject of the maintenance of intermediate classes, etc., we have safeguarded the interests of the Colleges by the proviso to sub-clause (5) of clause 7.

16. In clause 1 of the Statutes we have omitted the definition of "teachers" and have made use the reference in the places where teachers are mentioned to teachers as the case may be, as defined in clause 2 of the Bill.

17. In clause 2 of the Statutes we have, in view of the presence of the Chief Commissioner of Delhi upon the Court, considered it unnecessary to include the Deputy Commissioner. At the same time, we have included the Wardens of the Halls and the Chairman of the Punjab Chamber of Commerce. In the same clause we have specified the number of persons to be elected from the Council of State and the Legislative Assembly, respectively.

We have eliminated from this clause the proviso to sub-clause (5) which was designed to secure a certain percentage of Mohammadan members on the Court. We desire it to be clearly understood that our motive is prompted purely by a disinclination to recognise communal distinctions of this nature in statutory provisions. We have no doubt that the Chancellor will consider any deficiency in the representation of any particular community at the time of making his nominations, and will rectify any inequality in so far as he is able. We sincerely hope that Mohammadans will fully participate in the benefits of this University, and that their interests will be represented upon its bodies.

18. In clause 3 of the Statutes we have slightly enhanced the elected element in the Executive Council by increasing by one member the representation thereon of the Court, and, following the principle which we have outlined in our comment upon clause 7, we have omitted the provisions for special representation of Mohammadans.

19. In clause 13 (*new clause* 14) of the Statutes we have extended the number of those who will be eligible for enrolment as graduates of the University by permitting the carrying on of the business as well as actual residence in the province of Delhi to be recognised as a qualification.

20. We have made a number of other alterations in the Bill which are consequential on amendments which we have already noticed in this Report or are of merely a drafting nature, or which we consider of insufficient importance to call for special mention.

21. Finally, we desire to place on record our opinion that provision should in due course be made for the representation of the University in the Legislative Assembly by one member elected by the Court.

22. We regret that we have been unable to avail ourselves of the assistance and advice of two members of our Committee who were unable to attend the meetings owing to their absence from Delhi, and who have not signed the Report.

23. The Bill was published in the Gazette of India on the 21st January 1922.

24. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

MINUTE OF DISSENT.

In my opinion sub-clause (4), now sub clause (5), of clause 27 (new clause 28) should be omitted, and consequently the words "and shall be submitted to the Governor-General in Council" should also be omitted.

The Mussalman community and the public interested should have a voice in the selection of the Mussalman members of the Court. I, therefore, suggest that provision should be made in the Statutes to the effect that one-third of the members elected by the different electorates should be Mussalmans.

ABUL KASEM.

MINUTE OF DISSENT.

1. I would not vest in the Chancellor the autocratic powers which section 9 confers on him, of declaring to the University, in certain circumstances, what it shall or shall not do. He should be empowered to cause an inquiry to be made and ask for reports and explanations and in the ultimate

resort to make recommendations to the Court. I think the University, as it will be constituted, may be safely trusted to understand its responsibilities and ought not to be compelled to act to the dictation of the Chancellor. The provisions I object to breathe a lack of confidence in the Court, the Executive Council and the Academic Council, which together should constitute the final authority in the University.

2. I do not like that the Vice-Chancellor should be the chief executive officer of the University. The two aspects of the position of that officer appear to me to be incongruous. The Vice-Chancellor should, in my view, occupy the same status and position as the Vice-Chancellor of the Bombay University; for example, the Registrar performing the executive functions. It should be an honorary office.

V. G. KALE.

MINUTE OF DISSENT.

I regret to have to record a note of dissent, because in common with my Colleagues I am most anxious that the Delhi University should be established in time to secure its grant in the next Budget, without which its operations next year will be impossible. In order that Delhi might be a seat of public opinion and culture, its University ought to have come before it became the capital of India or soon after. A great deal of leeway has to be made up before the necessary atmosphere here is secured. Anything that may in the slightest degree interfere with early establishment of the long-needed University has to be avoided as far as possible.

The Calcutta University has not gained yet by the Viceroy acting to be its Chancellor, and it is gratifying to have His Excellency again officially connected with an University. As the latest to come and as the special object of Imperial benefaction, this Delhi University ought to be an up-to-date model institution. The Hon'ble Mian Sir Muhammad Shafi told the Indian Legislative Assembly on the 9th February that Universities ought to be autonomous and ought to be as little interfered with as possible. Taking my cue from the Hon'ble Education Member, I claim and plead that the University in the Imperial City of Delhi, which to true may well aspire to be an All India and an Imperial University, if well handled, ought to have perfect autonomy—at least a great deal more autonomy than is provided for in the Bill. The University with the Viceroy as its Chancellor, and with a Court carefully constituted as the Delhi University, should not have interference at the hands of the Governor-General in Council at every step. The Viceroy as the Chancellor, and therefore as an integral part of the University, ought to be able to exercise all the necessary check and afford all the necessary guidance. The Members of His Excellency's Executive Council in charge of Education and of Commerce and Industry ought to be Members of the Court, and this will be enough safeguard considering the constitution of the Court and the other bodies.

The Court, which is the sovereign body in the University, with the Viceroy as Chancellor, ought to have much larger and more real powers. It occupies the position of the Senate and both the Executive Council and the Academic Council, doing executive work in separate spheres, ought to be subordinate and answerable to the Court.

The complexity of the machinery is likely to hamper work and ought to be simplified; the University ought to be self-contained and autonomous and not subjected to direct Government influence and interference, merely because the Government will have the financing of the concern. A well chosen responsible Court able to carry on work satisfactorily ought to be the ideal, and the University ought not to be practically a Government Department.

From the above points of view and others appearing from the amendments, I would suggest the following amendments:—

Clause 2 (b).—This University being what is called *unitary* (a somewhat vague and ill-understood term) there ought to be no differences in classes of teachers. The position of teachers not *recognised by the University* will be difficult if not intolerable. Allowing *unrecognised* teachers to do University work will make the University something more than *unitary*. It will be *affiliating*, so far. If this was a mere transitory provision for frankly safeguarding existing interests, the position would be better understood. I suggest that the differentiation should cease, that the definition in clause 2 (b) be dropped and consequential amendments be made. The definition as it stood originally was less objectionable, for it merely indicated the appointing authority.

Clause 2 (4), (3), (4), (5), (6).—I suggest the omission of these sub-clauses which are on the analogy of sections relating to the Visiter in other Acts constituting Unitary Universities. Here the Viceroy is the Chancellor and the Head of the University and as such its integral part. He should and can make his views felt and accepted and ought not to have separate powers of the kind contemplated. I say this in full view of clause 12 (6), for there the Vice Chancellor's powers are really modified and defined.

Clause 28 (3).—I suggest the addition of the following words after this clause:—

"and on receipt of the Report of the Executive Council pass the Statute in such form as it may think fit."

Clause 28 (4), (5).—I would omit these sub-clauses.

Clause 28 (7).—I would omit the following words:—

"*Either reject the proposal or*" in lines 4 and 5 of this clause. The Governor General in Council or any outside body or individual ought not to have these drastic powers and the Executive Council, which though very important but nevertheless a subordinate body, ought not to have the large power indicated in the words in sub clause (7) which I seek to omit.

Clause 30 (3).—The words "The Governor General in Council and" in line 6 should be omitted.

Clause 30 (4), (5), (6) and clause 31, Proviso, should be omitted.

Clause 35 (4) should be omitted.

I do not object to the expression *Governor General in Council* in Proviso to Clause 35 (2), because the power conferred here is more legislative than administrative.

Clause 46, *lines* 6 *and* 7.—I would substitute the word "Chancellor" in the place of "Governor General in Council."

Schedule.—First Statutes of the University.

Clause 2 (1).—I would add the following :—

"Members of the Executive Council of the Governor General in Council in charge of the Departments of Education, Commerce and Industry, and the Principal of the Lady Hardinge Medical College."

Clause 2 (6).—I would reduce the number of nominees of the Chancellor by three by way of balancing the number added in the previous paragraph.

DEVA PRASAD SARVADHIKARY.

The 10th February 1922.

MINUTE OF DISSENT.

While I am anxious to see a well-equipped University in this Imperial city of Delhi—now the seat of the Government of India—I am more anxious to see that this University is in advance of the existing Universities and is founded on such progressive lines as to be a model for future Universities. These ought, in the words of the Honourable Member for Education, be autonomous and ought to be as little interfered with as possible. It cannot be said that the present Bill satisfies these conditions.

The framers of the first University Act in this country taking into consideration the vastness of each Province, the paucity of workers in this country and the difficulties of importing well qualified teachers from other countries, wisely decided in favour of affiliating Universities. As the demand for higher education grew, it was met by starting affiliated Colleges in the mofussal, away from the seat of the University. Some of these institutions were not well conducted, and the Universities were then unable to inspect them and to exercise control over their working. As a result thereof the standard of teaching was lowered, and this was attributed to the Universities being merely examining and affiliating bodies. It was suggested that the only way of remedying the existing evils was the creation of more unitary teaching Universities. The Report of the Sadler Commission has strengthened this view-point, and, as a result of that Commission's recommendations, the new Universities that are proposed to be established are made both unitary and teaching Universities. Looking to the present educational needs of the country and the still existing scarcity of educationists in the country, I think the whole question requires to be carefully reconsidered before any more Unitary Universities are established. I, therefore, propose that the word Unitary be deleted from the Bill.

In the existing older Universities the Syndicate is the executive committee of the Senate, and all the powers that the Syndicate exercises are virtually delegated from and by the Senate. Under the proposed Bill the Executive Council (the counter-part of the Syndicate) has special powers allotted to it and has the right to supersede the Governor General in Council if the Court (the counter-part of the Senate) does not accept its recommendations. Moreover, all the members of the Executive Council are not elected by the Court or the Faculties as the Syndics are in the older Universities, two being nominated by the Chancellor and many more being *ex-officio* members of the Council than in the older Universities. This complicated arrangement is said to be necessary because the Court is to have Patrons, Life-members and other *ex officio* members who may be either unwilling or unable to take part in the actual work of the Court. In the existing financial condition of the Province, the creation of this class of members may be a necessity, but that is no reason why their inclusion in the Court should lead to the restriction of its powers. While the Bill provides for the election of twenty-five members by the registered graduates and is thus an advance on the existing conditions it is reactionary in so far as it reduces the powers of the Court and vests some with the Governor General in Council and some others with the Executive Council. The Bill takes away with one hand what it gives with the other. As His Excellency the Viceroy is to be the Chancellor of the Court, to allow an appeal from the decision of the Court (which includes the Chancellor, i.e., the Viceroy) to the Governor General in Council is derogatory not only to the dignity of the Court, but to that of His Excellency the Viceroy. I would, therefore, make the Court and not the Governor General in Council the final authority in all matters.

I do not approve of the proposal to make provision for religious teaching in the new Universities as I do not think religion in the real sense of the term can ever be taught in any University. What can be and will be taught in either oriental Philosophy or Theology. There are so many difficulties in the way of teaching Theology in a mixed University that I would drop all mention of religious instruction from the Bill. This desire to introduce religious education in University curriculum is due to some of us having lost faith in secular education, on account of absence of reverence or respect for elders and authority, amongst some of the students of the Universities. The result is due to a clashing of two different ideals and not to secular teaching. The introduction of religious instruction will, I fear, in mixed Universities, do more harm than good.

Clause 12 of the Bill should be deleted, for I agree with my colleagues in thinking that a separate Treasurer will not be required for several years, and I do not see why such a provision cannot be made later on when it is found necessary to have such an officer.

The *ex-officio* of the Court should be three only, namely :—

1. The Chief Commissioner of Delhi.
2. The Director General, Indian Medical Service.
3. The Educational Commissioner with the Government of India.
4. The Superintendent of Education, Delhi and Ajmer Merwara.

I realize that the Director of Public Instruction, Punjab, must be a member of the Court at least for the first few years, but he may be nominated by the Chancellor among the 15 members whom he has the right to nominate.

I am against having any nominated member on the Executive Council.
